Other information

Clothing

We recommend wearing comfortable clothes as you would if you were attending the class at the studio.

Floor surface

Where possible it would be best on a smooth surface such as a wooden, laminate or tiled floor, but it is also possible on carpet as well.

Footwear

If you have a smooth surfaced flooring, we suggest you could wear your dancing shoes or what you would normally wear to class. If you are on carpet then we suggest you to do it in socks or bare foot.

Using Zoom

You have the choice to either activate your video, in which case your teacher and other participants will be able to see you. Alternatively, you have the choice to deactivate the video, in which case you will be able to view the teacher and other participants who have their video activated.

If you have your audio activated, then you will be able to converse with the host/teacher, however the teacher has the function of being able to mute all participants at any time during the class. You also have the option of deactivating your audio though, if you feel that you want to sing away or not have any outside disturbance heard during the class.

Last but not Least, please bring your smile with you and together we will beat this difficult time... Enjoy!
